

A stylized illustration of a kidney in red, with a network of white lines and dots overlaid on its surface. To the left of the kidney, there are three curved, overlapping shapes in red, blue, and orange, representing the renal pelvis and ureter. The background is a light blue grid of thin lines and dots, resembling a molecular or network structure.

RENETWORK: GESTIONE MULTIDISCIPLINARE DEL TRAPIANTO DI RENE

7 MARZO 2025 / ORE 09.00
ROMA / POLICLINICO TOR VERGATA
